How your Business Rates are calculated

How much you have to pay is calculated using your property's rateable value, which is set by the Valuation Office Agency. You can check this online at www.gov.uk/correct-your-business-rates. If you think your rateable value is incorrect, you need to follow the Check, Challenge, Appeal process directly with the Valuation Office Agency. For more information, call **03000 501501** or visit www.gov.uk/contact-voa You must continue to pay your Business Rates whilst a Check, Challenge, Appeal is ongoing.
