

NEXT STEPS

**DELIVERING CHANGE**

The masterplan presents a strong, city-shaping vision for the city centre, incorporating tangible ideas and opportunities for both short and longer terms. It will be supported by a costed and phased Delivery Plan, setting out delivery mechanisms and an approach to phasing. The City Centre Masterplan and accompanying Delivery Plan will be a vehicle used to seek wider political and financial buy-in, as well as the springboard to align opportunities with existing and potential new funding streams.

**INDICATIVE TIMELINE**

**TELL US WHAT YOU THINK**

Thank you for taking the time to look at the material displayed here today. You can tell us what you think

about the plans for the city centre in a number of ways:

Scan the QR code and complete an online feedback form

Fill in one of the paper forms here today and leave it in the box provided
