

This 2026-2027 programme sets out the highway maintenance works we aim to deliver and reflects our current priorities at the time of publication. While we will make every effort to complete these works, the programme should not be interpreted as a promise or guarantee. A number of factors beyond our control, such as severe weather, emergency repairs, utility company activities, funding changes, or unforeseen site issues, may affect when and how works are delivered

Street	From / To	Carriageway / Footway	Treatment Type
Trafalgar Road	full length	Carriageway	Bituminous Inlay
Morville Close	full length	Carriageway	Bituminous Inlay
Hayfield Crescent	full length	Carriageway	Bituminous Inlay
